Dear Ms. Molter:

Based upon the information furnished on your Prequalification Application, the New York City School Construction Authority (SCA) has requalified your firm to submit bids/proposals for SCA projects for a period of three years until **July 15, 2016** for the following: **Information Technology Consultant (86040)**, **Personnel Services Temporary (86060)**, **Computer Hardware (80030)** and **Computer Software (80040)**.

Although your firm is qualified to submit proposals for the aforementioned discipline(s), it also must meet the specific technical requirements, if applicable, for each SCA project. You are to refer to the SCA project specifications for additional required experience and certifications.

In addition, your firm will be subject to a full responsibility determination at the time of consideration for any specific contract award.

Furthermore, we remind you that your firm's status as a "Requalified firm" is always subject to review. You must submit in writing to the NYCSCA any substantive changes to your prequalification application as soon as possible, but no later than (30) days of said change(s). Substantive changes include, but not limited to, key people, ownership, court proceedings, investigations, bankruptcies, etc.
